

COLLEGE VISITATION POLICY

College visits are highly encouraged. Many college open house opportunities are scheduled for weekend days throughout the year -- consult the bulletin board in the Guidance Waiting Room for some of these dates.

If a student cannot complete his/her necessary college visits during one of the college-planned open houses, the prospective student may request a college visit day from his or her counselor.

- ➡ This request should be done 1 week in advance. Please submit to the attendance office.
- ➡ If the student follows the prescribed procedure set out by the counselor, this absence will not be counted against student's perfect attendance.
- ➡ Two college visit days per school year is the limit for juniors and seniors.
- ➡ Please request a verification excuse from the college/university certifying the time and date of your visit. Please submit verification excuse to the NHS Attendance Office upon your return.
